SUMMARY

I am a MERN Stack Developer with strong hands-on experience in JavaScript, React.js, Node.js, Express.js, and MongoDB. I excel at building responsive, user-friendly web applications, ensuring a clean UI and efficient backend integration. With a knack for problem-solving and adaptability to new technologies, I am eager to contribute to full-stack development projects

SKILLS

Bootstrap　　CSS　　HTML　　JavaScript　　MongoDB　　React　　SQL　　Node.js　　Express.js

TRAINING/EXPERIENCE

MERN Stack Training

JSpiders - Training & Development Center

Jspider — MERN Stack Training — Marathalli, Bengaluru | Feb 2025 – Sept 2025
- Intensive hands-on MERN program covering MongoDB, Express.js, React.js, Node.js, REST API design, React Hooks.
- Completed 7 mini projects and 2 major projects that demonstrate front-end UI, backend APIs, and integration with MongoDB

College Project

Online Library Management System

Project developed for educational purposes during the Bachelor's program
- Built during BCA 6th semester
- Implemented book management features and basic admin operations

EDUCATION

Bachelor of Computer Applications

BNM University

📅 07/2020 - 05/2023

PROJECTS

Job Portal (MERN Stack - Client-side in Progress)

A job portal application to connect job seekers with employers
- Built the client-side interface for a job portal using React.js and styled components
- Implemented user-friendly UI with job listings, search, and filter features
- Currently working on backend integration (Node.js, Express.js, MongoDB)

To-Do App (React.js + Node.js)

A full-stack task manager application to manage daily tasks
- Developed a full-stack task manager with real-time CRUD operations
- Used React Hooks for UI updates and Express.js API for backend

Expense Tracker (MERN Stack)

A full-stack web application to track and manage personal expenses.
- Implemented secure user authentication (login/registration) with full CRUD functionality for expense management.
- Developed advanced filters by category and time range (daily, weekly, monthly) to improve data accessibility.
- Integrated Recharts line charts for interactive visualization of spending patterns over time.

STRENGTHS

Soft Skills
Problem Solving

INTERESTS
